

Coming Soon — The World's Best Carpet & Upholstery Cleaner

An Ounce Or Two Is All You Need!

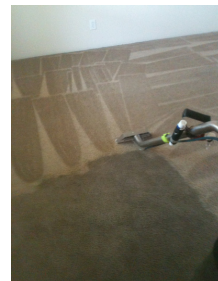

Professional Strength...Soon Available To Consumers

I'm happy to announce that what many professionals consider the world's best --- and greenest --- carpet & upholstery cleaner will soon be available to you.

- Super-effective on BOTH oil-based and organic (water-based) stains in carpet and upholstery.
- Contains a natural, organic surfactant and natural plant extracts.
- Never before available to consumers. Professional cleaning power is now in your hands.
- Neutral pH is perfect for all colorsafe cleanables.
- Cleans like a high-pH cleaner, but without the risks of damage to the carpet or upholstery.
- Super-concentrated! Use as little as 1oz per five gallons of water for regular cleaning.
- For spotting, use just 2oz Carpet Voodoo per gallon of warm water. That's value!
- Approved by the Carpet & Rug Institute and will not void manufacturers' warranties.

The company that blends Carpet Voodoo calls it "the safest environmental cleaner on the market." Having worked with professional carpet cleaning tools and solutions for decades, we agree!

But Carpet Voodoo doesn't sacrifice performance for safety. In fact, it is absolutely my go-to product for cleaning carpet and upholstery. Ever see light-colored fabric darken after cleaning? This is the interaction of the cleaning agent and the fabric and is called cellulosic browning. Carpet Voodoo removes this browning very effectively and is especially effective if you experience wicking (reappearance of deep-down stains after you've cleaned and the surface appears stain-free). Trashed carpet? Try Carpet Voodoo! (See the actual, unretouched photos for examples of Carpet Voodoo's effectiveness.)

Now, to be clear, Carpet Voodoo is not in any way a replacement for Doodoo Voodoo. Doodoo Voodoo should still be your #1 weapon in the fight against pet stains and odors, spilled milk and much more. Doodoo Voodoo is a stronger weapon than Carpet Voodoo, but Carpet Voodoo's formula shares many of Doodoo Voodoo's unique benefits.

Carpet Voodoo is formulated specifically for use in carpet and upholstery cleaning machines and for spray-on spotting. It is safe for virtually all fabrics, carpets and rugs. (Test an inconspicuous area first.)

Carpet Voodoo will be priced identically to Doodoo Voodoo SUPER Concentrate and will be sold in similar kits. As with Doodoo Voodoo SUPER Concentrate, you'll simply add warm tap water. It is super easy and super effective! If you're in a hurry and want more info or to get in a pre-order, just call or e-mail.
